Technical drawing of a mechanical part, likely a chain link or connector, showing a side view with dimensions and a cross-section view.

The side view shows a curved component with a radius of $R125$. The total length of the curved section is 100 . The distance between the centers of the links is 70 . The distance between the centers of the links in the straight section is A . The distance between the centers of the links in the curved section is B . The distance between the centers of the links in the straight section is C .

The cross-section view shows a circular link with a central hole and a pin passing through it. The pin has a diameter of 10 . The link has a thickness of 10 . The pin is secured with a nut and washer.

VIEW C

MOVE BRACKET(S=1:1)
